

SO COOL

Don't mind me I'm just staring at the way
you move
Come in closer and I'll bet you want the
same things I do

'Cause you've been running round and
round in circles, sending signals,
Baby I'm not down for games (down for
games)
But you've been running your fingers
through your hair, sipping on a cold glass
Got me feeling things (feeling things)

You're so cool
Biting your lip, taking a sip, making me
weak in the knees
(cool)
Laugh like a child's, cigarette smile
I've been watching you a while
Come make my night worthwhile
You're so...

(Isn't he just so cool?)

I know you know what you're doing to me
No, but I don't mind
Take my heart, my mind or take my soul
just don't take your time

'Cause you've been running round and
round in circles, sending signals
Baby I'm not down for games (down for
games)
But you've been running your fingers
through your hair, sipping on a cold glass,
Got me feeling things (feeling things)

You're so cool
Biting your lip, taking a sip, making me
weak in the knees
(cool)
Laugh like a child's, cigarette smile
I've been watching you a while
Come make my night worthwhile
You're so...

Want you to come closer
Wanna get to know ya
I promise this isn't a feeling I feel with just
anyone, no no no
Want you to come closer
What's it like to hold ya?
I know that you like what you see
Hold your breath, baby don't count to ten,
just come over

You're so cool
Biting your lip, taking a sip, making me
weak in the knees
(cool)
Laugh like a child's, cigarette smile
I've been watching you a while
Come make my night worthwhile
You're so
